

A Woman's Health

Is a heritage too sacred to be experimented with. For her peculiar and delicate ailments only medicines of known composition and which contain no alcohol, narcotics, or other harmful or habit-forming drugs should be employed. The one medicine which fulfills all these requirements is Dr. Pierce's Favorite Prescription—a remedy with a record of over forty years of cures to recommend it; a remedy, the makers of which print its formula on every bottle wrapper and attest its completeness and correctness under oath; a remedy devised and adapted to woman's delicate constitution by an educated physician—an experienced specialist in woman's diseases; a remedy, every ingredient of which has received the written endorsement of the most eminent medical writers of all the several schools of practice for the cure of woman's peculiar diseases; a remedy which has more bona-fide cures to its credit than any other sold by druggists for woman's special requirements. It is not given away in the form of "trial bottles" to be experimented with, but is sold at a fair price by all dealers in medicines.

Delicate, weak, nervous women should especially shun the use of alcoholic medicines which, from their stimulating and exhilarating effects may seem, for a time, to do good, but which from the inevitable effects of the alcohol in shrinking up the red corpuscles of the blood are sure to do great and lasting harm in the long run. Besides they beget a craving for stimulants which is most deplorable.

Only invigorating and nerve strengthening effects can follow the use of this famous medicine for women. It can not possibly do harm in any state or condition of the system. It has been carefully adapted to woman's needs by an experienced physician—a specialist in their diseases. It makes weak women strong and sick women well.

If a woman has bearing down, or dragging pains, low down in the abdomen, or pelvis, backache, frequent headaches, dizzy or fainting spells, is nervous and easily startled, has gnawing feeling in stomach, sees imaginary floating specks, or spots before her eyes, has melancholia, or "blues," or a weakening disagreeable drain from pelvic organs, she can make no mistake by resorting to the use of Dr. Pierce's Favorite Prescription. It will invigorate and tone up the whole system and especially the pelvic organs.

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic, "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For over-worked, "worn-out," run-down, debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and

feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

No woman suffering from any of the above symptoms can afford to accept any secret nostrum or medicine of unknown composition, as a substitute for a medicine like Dr. Pierce's Favorite Prescription, which is of known composition and has a record of over forty years of cures and sells more largely to-day than ever before. Its makers withhold no secrets from their patients, believing open publicity to be the very best guaranty of merit.

Dr. Pierce invites all suffering women to consult him by letter free of charge. All letters of consultation are held as strictly private and are returned in plain, sealed envelopes. Address: Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good." They are the original Little Liver Pills first put up by Dr. Pierce over 40 years ago. Much imitated, but never equaled. They are tiny sugar-coated granules—easy to take as candy.

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

PEACE REIGNING IN PHILIPPINES

Report of Conditions Submitted To Congress

Lower House Sternly Declines to Increase Salaries of Its Own Members.

NEWS OF NATIONAL CAPITAL

Washington, Dec. 15.—The report of Secretary of War Taft on the Philippines which was made public today, follows:

I include in this annual report the report of the Philippine commission for the year ending June 30, 1906, with its accompanying reports of the various heads of departments of the Philippine government. It gratifies me to be able to say that conditions in the Philippines show steady improvement.

In every part of the islands, except in the two provinces of Leyte and Samar, peace and tranquillity obtain.

The capture or surrender of eight or ten of the leaders of ladrone bands in the island of Luzon, comprising all but one of those who have next the peaceful inhabitants of the Tagalog provinces, has brought about a better condition than ever before existed in the islands.

In Samar and Leyte there has been for a long time a bitter feud between the mountain people of those two islands, known as Pulajanes, and the people of the coast towns.

The census was completed late in the spring of 1905, and under the organic act of the Philippine Islands, passed July 1, 1902, an election for a popular assembly to act jointly with the Philippine commission as the legislature of the Christian Philippine provinces was to be held two years after the completion and publication of the census if the president should find the conditions as to peace and tranquillity satisfactory.

The depressed condition of business in the islands seems to have continued especially in respect to the rising and exportation of sugar and tobacco.

The finances of the government are in a good condition. After all bills were paid June 30 last there was a surplus of a million and a half gold.

The harbor of Manila is now protected and has 20 feet of water behind the breakwaters, with an area sufficient to let the merchant fleet of the Orient ride at anchor safely during the southwest monsoons, which blow for six months with great force.

House Is Too Modest.

Washington, D. C., Dec. 15.—The house of representatives was brought face to face with the proposition to increase the salaries of its own members, senators, vice-president, speaker of the house and members of the president's cabinet while the legislative, executive and judicial appropriation bill was under consideration, and while it passed favorably on the proposition as applied to other officials.

FIRST SIGNS ARE IN THE BACK

It Is Best Not To Neglect Nature's Danger Signals

Too Much Kidney Trouble Here Valuable Prescription Given at Small Cost.

ANYONE CAN PREPARE THIS

Take care of backache. A great many cases of kidney complaint are reported about here also bladder trouble and rheumatism.

A local physician stated that pain in the back, loins or region of the kidneys is the danger signal nature hangs out to notify the sufferer that there is something wrong with the kidneys, which should receive immediate attention. Only vegetable treatment should be administered and absolutely no alcoholic patent medicines, which are harmful to the kidneys and bladder.

The following prescription, while simple, harmless and inexpensive, is known and recognized as a sovereign remedy for kidney complaint. The ingredients can be obtained at any good prescription pharmacy and anyone can mix them: Compound Kargon, one ounce; Fluid Extract Dandelion, one-half ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and at bedtime.

This preparation will restore the natural function of the kidneys, so they will sift and strain the poisonous waste matter, uric acid, etc., from the blood, purifying it and relieving rheumatism. Backache will be relieved, the urine will be neutralized and cleared and no longer a cause of irritation, thereby overcoming such symptoms as weak bladder, painful, frequent and other urinary difficulties.

Alcohol for Arts. Denatured alcohol for use in the arts and trades will be available in the United States after January 1, that is to say, beginning with the new year grain alcohol may be withdrawn from bonded warehouses free of tax for use in arts and trades, providing it has been "denatured," or rendered unfit for drinking purposes by the addition of some substance which will not injure the alcohol for its mechanical uses.

Ammunition Vessels Needed. Washington, Dec. 15.—Declaring that in the design of vessels in the battleship fleet the space and weight assigned to ammunition has been so restricted that the ammunition on board, under certain conditions of battle, would be exploded in less than an hour. Rear Admiral N. E. Mason, chief of the bureau of ordnance, in his annual report, urges the building of two vessels of considerable size, one on the Atlantic and one on the Pacific coasts, devoted exclusively to the carriage of ammunition, and he states that ultimately there should be one of these vessels with each fleet.

PELTED WITH ROSES.

Girl Who Shot Her Father Is Acquitted.

Philadelphia, Pa., Dec. 15.—Pelted with roses by a mob of women sympathizers, Miss May McAtee, bowing her thanks, eluded her way through the hearing room at the central station, city hall. She had just been held in \$1,000 bail on the charge of shooting her father, the Rev. John Quincy McAtee, the well known Lutheran clergyman. It was testified that the shooting followed a quarrel, and that Miss McAtee feared that her father would throw her mother down the cellar stairs. Quarrels had been frequent, the police declare, by McAtee's drinking.

WHY ELECTRIC POWER IS ECONOMICAL

IT is the most efficient and the least wasteful. It minimizes the risk of breakdowns. You pay only in proportion to your actual needs. There is more room in your factory—you can condense operations. Electric power is clean. Individual motors avoid shafting and friction loads—in some instances found to be over 60 per cent.
